

Wallwork Heat Treatment Ltd (Bury)

HIP Process Technician

Wallwork Heat Treatment Ltd is a leading specialist in the heat treatment of steel and non-ferrous components for the Aerospace and Engineering industries. With a £20 million investment in two Hot Isostatic Pressing (HIP) systems to service industries like Additive Manufacturing, Aerospace, Formula 1, Industrial Gas Turbines, and more, we are seeking a Process Technician to join the team.

Your Role Will Include:

- Handling and organizing high-value engineering parts for HIP processing.
- Operating and controlling advanced HIP systems to deliver results to customer specifications.
- Loading and unloading furnaces efficiently.
- Following directives to maintain production throughput and ensuring top-quality output.

What We're Looking For:

- Great communication and teamwork skills.
- Punctuality and a strong work ethic.
- An organized, tidy approach to tasks.
- Practical, hands-on engineering skills.
- Flexibility to adapt to our dynamic environment.

What We Offer

- A salary of £27,000.
- Contributory company pension scheme (up to 8%).
- Company health scheme.
- Bonus scheme.
- 24 days annual leave plus Bank Holidays.
- Additional Holidays for qualifying length of service.
- Cycle to work scheme (after qualifying)
- EV Salary Sacrifice Scheme (after qualifying)

- Opportunities for ongoing training and professional development.

Shift Pattern:

The vacancy is for the following working hours: -

- Monday to Thursday nights: 9 PM – 7 AM (4 nights in total)
-
